Designing **smooth** and **thoughtful** user experience with **curiosity** and **empathy**.

Experiences

UX Design Intern @ Walmart eCommerce

2018 June - August, San Bruno CA

Redesigning payment step of checkout on mobile app. Collaborating with designer, product manager, developer, content strategist and UX researcher to iterate and test the redesign.

Taking ownership of usability testing, turning research data into design and engineering recommendations.

Lead UI/UX Designer @ Genetic Foresight

2018 January - May, Berkeley CA

Collaborated with engineers to redesign user interface of SaaS product platform and company website.

UI/UX Design of Web & Mobile App - Chestnut

Individual Project

Individually researched and designed UX flow as well as mobile and web app prototypes to improve online shoppers' experience on receiving packages.

Physical Product Design - Stress-Relieving Massager

Team Project

Collaborated with a team of five, researched and designed physical prototypes of a therapeutic massager using 3D printing and CAD.

Front-end Dev & Web Design - Text Emoji Generator

Individual Project

Built a web app that allows users to customize all kinds of text emojis, using HTML, CSS and JavaScript.

Leadership

Chief of Events @ FEMTech Berkeley

2017 Sept - 2018 May, Berkeley CA

Organized networking dinners with tech companies, attracting 500+ students to explore tech careers.
